## Pintle/Disc Fuel Injectors

The performance and reliability of Standard® and Intermotor® Pintle and Disc Fuel Injectors can be attributed to their high-quality components:

### A Closer Look

Standard® and Intermotor® take several measures to ensure our injectors match the fit, form, and function of the originals they're replacing. Check out our valve seats and vapor caps, for example:

**Valve Seat**

4 Hole Spray pattern generated at valve seat level, no spray insert required

- 1 Small Hole
- 1 Large Hole

**Vapor Caps**

With colors and shapes that closely match OE, our vapor caps prevent deposit buildup around pintle that can cause spray pattern issues
