TURBO KITS

Coverage for gas and diesel, domestic and import applications

Drop Ship program available on entire Turbo line

Standard® Turbocharger Testing and Warranty

In the lab and on vehicles, all Standard® Turbochargers are rigorously tested for performance. Standard's testing procedures include hot gas stand testing and burst test validation to ensure structural integrity for durability. In fact, Standard® Turbochargers are 100% end-of-line tested through the full RPM range. That's why all Standard® Turbocharger Kits come with a 3-year / 36,000-mile limited warranty.

Standard® Premium Quality Components

For more than 100 years, when the OE failed, technicians have trusted Standard® and Blue Streak® to deliver a part that's equal to or better than the original it's replacing.
