Injection Pump Module (IPM1)

Standard® now offers a NEW Injection Pump Module Kit (IPM1) for the IP1 Injection Pump

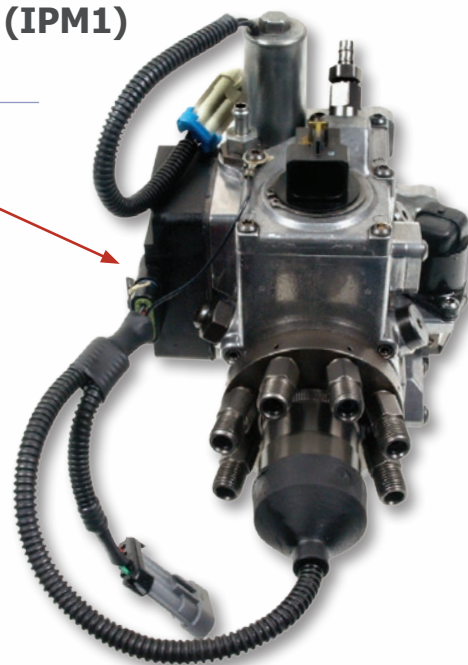

The IPM1 Solution

- IMP1 Module Replacement Kit for Standard® IP1 Injection Pump
- Eliminates the OE Failure Mode
- Potting material is flexible design to help absorb vibrations
- Advanced electronics with high heat rating for extended service life
- Includes all mounting bolts and new heat transfer pad

Module

IP1 Injection Pump and Module Assembly

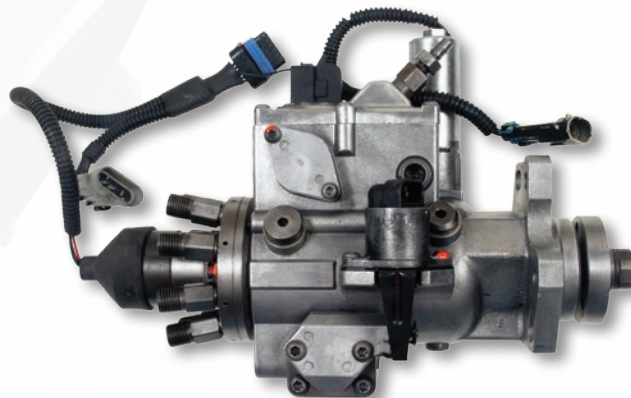

The OE Problem

- This GM injection pump has nearly a 100% failure rate
- If this part fails, it may not be the pump... quite often it's the module that goes bad
- Burn out and circuit break down due to exposure to extreme temperatures and vibration due to OE module location

IPM1 Applications

Chevrolet / GMC Truck V8- 6.5L (395 CID) Diesel
 02-94 Chevrolet Light Truck Fullsize Pickup
 02-94 Chevrolet Light Truck G Series Fullsize Van / Express
