Modular cabinets allow you to maximize storage for better inventory control. Our 3 "mix & match" styles let you choose the right design for your needs. These units are designed to be stacked or stand alone.

AB98H

- Designed for maximum-storage (Usually used as upper cabinet if stacked)
- Five adjustable steel shelves
- Full piano hinged doors
- Locking doors
- Includes:
 - Handles and 2 keys
 - 4" high legs with level adjustment
 - 15 CB125U stock boxes
 - Front door logo decals
 - Shelf labels

AB99H

- Designed for maximum-storage (Stands alone or used as lower cabinet if stacked)
- 3 adjustable steel shelves for four (4) 7 1/2" high shelf spaces
- 4 1/2" high locking utility drawer
- Full piano hinged doors
- Locking doors. Drawer and Cabinet doors lock with the same key
- Includes: same as AB98H

AB10C Catalog Rack

This catalog rack (sold separately) helps you provide better service to your customers. This rugged, sturdy, 22-gauge steel rack holds all your catalogs for quick and easy reference. Rack fits on all our cabinets.
